Andrew Keltner sold the Dublin mill this week to Mr. Henderson of Carytown. This mill was built in the 80's and was intended to counteract the flow of business to Jasper when the depot was built at the latter place.

Mrs. Jacob Frick and daughter Ada arrived from Sedalia yesterday and will again make their home here.

A wagonette party consisting of Mrs. R. L. Roberts, Mrs. Mont Fairfield, Mrs. Hi Hendricks, Mrs. Minor, Mrs. Leiss, Miss Bertha Roberts and Nathan Patterson drove to Carthage Wednesday evening of last week to Eastern Star meeting.

An exciting runaway took place last Monday morning at the H. O. Earl farm. Alf Buerge, the North Star carpenter, was unloading his tool chest at the Earl farm when his young team became frightened and started to run. The women folks were doing the weekly washing and the team ran straight for the group, who seeing their danger made a hasty retreat just as the team and wagon crashed through the washing utensils. The washing machine was wrecked, the tub collapsed and the clothes basket rent asunder.

From Lynnland items: Will Bird and Lizzie Lawson took dinner at Mr. Byers' Sunday. A jolly crowd of our young folks went boating Saturday night. Bob did the rowing, Oscar was quiet as he was disappointed, while Lizzie, Laura, Stella and Iva did the singing and Jessie played the guitar.

North Star items: Sam King, Charley Thacker and Misses Lillie Kyle, Cecil Teel and Snoda Vincent went fishing Saturday. Will Sunderland and Miss Clara Isenman enjoyed a buggy ride Sunday.

The following are Jasper ministers: O. Z. Palmer, Baptist; D. K. Burnham, Methodist Episcopal; C. Bruner, M. E. South; A. W. Mann, Presbyterian; M. S. Johnson, Christian.

## Ten miles used to be a long way

**W**HAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out *how much it is costing them* to keep a car. And the man who is doing the greatest amount of figuring is the man with the *moderate-price* car.

II

There still seems to be a notion in some quarters that any tire is good enough for a small car.

*That's not what the man who owns it thinks.*

In recommending and selling U. S. Tires we are trying to see *his side* of the proposition—finding out, what he wants in a tire and giving him that.

III

Large or small, U. S. Tires are built to *only one standard* of quality—the standard that produced the *first straight side* automobile tire, the *first pneumatic* truck tire.

Every tire that bears the name "U. S." is built the *best way* its makers know how. It isn't the car, but the *man who owns the car*, that counts with the oldest and largest rubber concern in the world.

IV

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN
